

MID-WEST CORVETTES, INC.

KAYWOS for Charity Sales

Mid-West Corvette Club supports local children's charities and families in need. We have teamed up with

KAYWOS Zero Fiber™ cleaning cloths to raise charity funds.

All proceeds go to local QC charity!

If you haven't tried these yet, don't wait... once you do, you won't want to be without them again.

They are streak free, spot free, lint free, and absolutely positively never streak glass, mirrors or windows again!

Kleans Anthing With Ot Streaks!

Wet it. Wring it. Wipe any surface!

Not only will your glass and mirrors never streak, your counters and tile will never look better...if you do get any streaks when you first use your cloth, (don't panic) it is only a residue from the manufacturing process of the cloth. Just run cloth through a wash cycle or wring cloth (several times) with warm water before using.

Use water only when cleaning....wet cloth....wring it out hard and wipe... it's that simple. It will clean better than chemicals.

Kiss your glass cleaner goodbye, chemicals and paper towels. Do Not Dry your glass or mirrors, they will dry streak free on their own.

The secret is tiny fibers 200 times thinner than human hair. They trap and absorb the dirt and oil. Use slightly damp... won't scratch any surface...wipe and watch the streaks disappear...

GREEN PRODUCT!

**Eliminate
Cleaning
Chemicals**

**USE ONLY WATER!
